Absent From Class Permission Slip

Explain to each of your teacher's that you are going to be gone from class. You will then ask each of your teachers for their initials on this sheet signifying you have their approval to miss class. If you are not doing well in a class you may not be allowed to miss class. This does need to be done for all of your classes, including ones that do not meet on the day you are scheduled to be gone.

It is your responsibility to obtain each teacher's approval including mine and to turn in any work that is due as well as make up any work that is missed. You are required to follow the class guidelines for each teacher regarding absences and making up missed work.
