### **What STUDENTS have said about Hope Lutheran High School**

"I would never have had the chance to meet all these people if it weren't for our school and for all you parents who sent your amazing kids here. Thank you for giving me a chance to get to know them and have them for my friends. I often think that if I went to a bigger school, I probably never would have met these wonderful people. Our different interests and hobbies would have separated us into the stereotypical social cliques. But at our little school of thirty students, we were forced to enjoy each other's' company. It was great.

Where else (outside of The Breakfast Club) can six kids with nothing in common, besides our want of a Christian education, come together and discover our appreciation for one another?

It's hard to put into words the love and gratitude I have for my school. How do you thank selfless people who have put hours into making sure I have a top notch education and a deep understanding of my faith in Jesus? How do I thank the gracious supporters who have put so much money and time into making sure Hope Lutheran High School prepares Christian kids to go into the world knowing exactly where God would have them stand in society? I think when you take the time to ponder that and appreciate it you realize how priceless a Christian education really is. Parents, would you rather have your child stand out on the basketball court, or stand firm in their faith? Do you equip them for the life you envision for them, or for the life God promises them?

What I have learned at Hope goes beyond just the classroom or volleyball court. I learned how to put my trust in my Savior completely and how to respond to an ever-changing society which can confuse and lead us away from the one and only truth. And that truth is this: Jesus is the one true God who forgives us and saved us from ourselves. He is all-powerful and all-knowing and He certainly knew what He was doing when He brought these six people together senior year at Hope Lutheran High School.

He know what's in store for us and putting our trust in Him is always our best option. So as we graduate and move on from each other and our lives together, I hope that we forever remember the six people who couldn't be more different, but bonded over their love for laughter and the One who brought them together.

**Julia O'Laughlin, Valedictorian Speech May 27, 2016**

"When I completed my freshman year at a public high school I wasn't satisfied with my high school experience. After my freshman year, I chose to attend Hope Lutheran because I needed something educationally challenging. I also loved that I could learn about God's love for me on a daily bases and that His word was incorporated in everything that we did. The teachers at Hope are positive and brought the best out of me because they truly believed in the potential they saw in me. I experienced more at Hope Lutheran High school than I ever imagined. There were so many fun events and activities that we were able to do that I would not have been able to do at a different, larger high school. I would not be where I am in my life without the positive influence from the teachers, staff, students, and most of all the Christian atmosphere that I experienced at Hope Lutheran High School."

**Ashley (Welter)Harrison 2007**

"I went to Hope because I wanted to learn in a Christian environment. The teachers there along with my folks definitely helped mold me into the Christian man I am today and everyone that worked there I still consider family. Hope built that strong foundation that has helped me excel and succeed up until now and obviously the education was great. "The strong Christian and Educational foundation at Hope has equipped me with the tools to overcome any trial or obstacle that the world can fabricate. Who wouldn't want that opportunity for their children."

**Koleby Schauland 2008, United States Army, Served in Afghanistan**

"For me, Hope Lutheran High School was more than just an education; It has prepared me to be the person I am today. The teachers not only pushed me in the classroom, but also challenged me in areas outside of the classroom. They believed me in, showed me that I matter, taught me leadership, responsibility, discipline, but most importantly they encouraged me to have a relationship with Jesus Christ. There is no price tag on that." "My name is Joshua Huffman, and I'm a proud graduate of Hope Lutheran High School."

**Josh Huffman 2009**

“Hope Lutheran High School is a great place to go to school. The class sizes are small so you get to know your classmates and teachers. The teachers really care about you as an individual and want to help you succeed.” **Jamie O’Laughlin 2010, CUW 2014**

“My degree is in K-6 Elementary Education with a minor in Lutheran Confessionalism (LCT). I will be teaching 1st and 2nd grade at St. Paul's Lutheran School in Fulda, MN. I am very thankful for my experience at Hope and all the support I have continued to receive. I am looking forward to this next step in my ministry in Christ.” **Katie Paszkiewicz 2010, CSP 2014**

“I have a degree in Early Childhood through Early Adolescence and a minor in social studies. I teach in Modesto, CA teaching a class of first-graders. My time at Concordia Wisconsin was such a blessing. Academically I felt very prepared by Hope's curriculum. Specifically in math and theology. While studying for my theology exams I was super thankful for the Christianity classes.”  
**Christine Klug 2010, CUW 2014**

“Hope Lutheran High School has changed my life...my home life, my social life, my grades, my values, they're all better.” **Sarah Degallier 2011**

### **What STUDENTS have said about Hope Lutheran High School**

“I love Hope for many reasons. I like that the teachers care about you and we are all a close family...the Christian atmosphere, we stick together.” **Shaina Laska 2012**

“Attending Hope Lutheran High School has taught me so much academically spiritually and personally. HLHS has prepared me for a successful future... Hope’s small class sizes allow teachers to give you individual attention.” **Halle Haedtke 2013**

“Why did I go to Hope? Everything at Hope is centered around Christ! I get to have morning devotions and religion class everyday, which is my favorite.” **Dakota Ellinghuysen 2014**

### **What PARENTS say about Hope Lutheran High School**

“I just wanted to take a moment to share a story about Josh and say “thank you” for the positive Christian influence that Hope and its staff have had and may continue to have on Josh. I believe all of you know Josh is attending Winona State University, ...One of his classes is a speech class which is a gen-ed requirement. So far, he has given 2 speeches...one was about parochial school education vs public school education and the other one was about the new Creation museum in Kentucky. He has his third speech ready which is an argument for creation vs evolution! What a bold witness in the classroom for our Creator. Way to Go Hope Lutheran High School!! Josh was prepared to give his creation speech yesterday, but his professor told him that he wasn’t going to have him give it, and was putting him off until next Thursday, so Josh could have time to decide whether or not he wanted

to drop the class. Josh has told him that he doesn't need time to think about it., because he is not going to drop out of the class. I know this is just one of many trials that he will experience during his college career, but wow, what Hope LHS has instilled in my son... the word of God, is so powerful. I thank God for you all(staff) and Hope LHS for being such a huge influence on my son and family!"

**Cindy Harrison, Past Parent and Board President**

"I just wanted to say Thank You for having such a great dance and lock-in last Friday night. This was Brandon's first time at a school lock-in, he wasn't much into participating in these events at his last school. He absolutely loved it and talked so much about it. It made me feel good that he had that experience with his friends and classmates, I am so glad that high school is just not passing him by. You all did an amazing job with activities and keeping the kids fed and comfortable, thank you for your dedication to the kids – it is so refreshing!!" **Tammy Neumann, Past Parent**

"There is no better place for students to learn the Word of God. In the critical teenage years, they are surrounded by the most powerful weapon, God's Holy and Precious Word daily. A Word that encourages, heals, loves, forgives, and saves." **Rocky Sandcork, current Hope LHS**

**Administrator/Teacher and parent**

"Hope is a wonderful place! I highly recommend parents send their teens to Hope. Its the best money I ever spent" **Pam Spencer, Current Parent**

"I am honored and excited to be the math teacher at Hope. All that is done here is for God's honor and glory. It is here that the next generation is encouraged and guided to become all that God created them to be. We are a Christian family. Parents and Teachers work together. The staff never gives up on students. No one gets lost in the crowd. Our faith in Christ Jesus is what brings us together. The students learn to share their faith in love with one another and the world."

**Tammy O'Laughlin, Hope LHS Math Teacher & Current Parent**

"Students at Hope learn to apply God's word to their daily lives. They learn to witness their faith to those around them. It is a great place for kids!" **Debbie Volkmann, Founding Board member and Past Parent**

"Dear Hope Staff,

I know all too well the trials and tribulations that accompany education of children. I understand the stress and anxiety you each face in your quest to educate, through Christ the students who are placed in your care. I also understand how hard Satan works in trying to undermine your objectives. I just wanted to take a moment of your time to tell you that we truly appreciate what you are doing and what you have done for our children. The daily word of God expressed by the people our children trust as authorities and mentors is an integral part of their growth and development as Christ's followers. I have attached a copy of the "Knight's Page", it is the news article Kevin writes for his school and I thought of each of you when I read it. The job you do is daunting amidst the endless lesson plans, corrections, extended time you spend instructing our children, but the reward, for us as parents and for you as followers is far greater than a diploma. The reward is salvation through a reinforced knowledge of our Lord and Savior. In a world continually shaming us for

being followers of Christ, I am so happy my child (children) have all of you! Thank you for all you do! Blessings,"  
**Angela and Kevin Meyer**

### **God's Word Proclaimed to the World through Hope Lutheran High School**

"Just thought I would let you know that a lady called and said she just heard our radio program on Baptism this morning as she was listening to KG95. She really loved it and wanted a transcript to share it with her two children who have unbaptized children. She wasn't sure if it was Hope's radio program, but she said something about a game against Schaeffer Academy and I said, "Yes! That's us!" We found the transcript and I am going to email her." January 27, 2012

Dear Mr. Sandcork,

I'd like to thank your school for its good message on promoting reading at home. I heard the message on one of the local radio stations and found its message sound. I'm a literacy education professor at WSU and hope many parents heard the simple, yet useful promotion. Kudos to all involved!

Cordially,

**Dr. Arne E. Sippola, WSU Professor of Literacy Education**
